PROXY STATEMENT
FOR SPECIAL MEETING OF STOCKHOLDERS
TO BE HELD ON SEPTEMBER 11, 2001

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of LivePerson, Inc., a Delaware corporation, for use at the Special Meeting of Stockholders to be held on September 11, 2001 and at any adjournments or postponements thereof. The Special Meeting will be held at 10:00 A.M. (Eastern Daylight time) at the offices of Brobeck, Phleger & Harrison LLP, 1633 Broadway, 46th Floor, New York, New York 10019 (Telephone: 212-581-1600). This Proxy Statement and accompanying Proxy Card and Notice of Special Meeting of Stockholders are first being mailed on or about August 17, 2001 to all stockholders entitled to vote at the Special Meeting and at any adjournments or postponements thereof.

VOTING

The specific matters to be considered and acted upon at the Special Meeting are (i) a proposed amendment to the Company's Fourth Amended and Restated Certificate of Incorporation to effect a one-for-fifteen reverse split (the "Reverse Split") of the outstanding shares of the Company's Common Stock, par value \$0.001 per share (the "Common Stock"), and (ii) such other business as may properly come before the Special Meeting or any adjournments or postponements thereof. Pursuant to the provisions of the Company's Second Amended and Restated By-laws, as amended, business transacted at the Special Meeting and any adjournments or postponements thereof shall be limited to the purposes stated in the Notice of Special Meeting. The Reverse Split proposal is described in more detail in this Proxy Statement. The Company's Board of Directors has set August 17, 2001 as the record date for determination of stockholders entitled to notice of and to vote at the Special Meeting and any adjournments or postponements thereof. Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder on the record date. On August 7, 2001, 33,983,381 shares of the Company's Common Stock were issued and outstanding and no shares of the Company's Preferred Stock, par value \$0.001 per share, were outstanding.

The stock transfer books of the Company will remain open between the record date and the date of the Special Meeting and any adjournments or postponements thereof. A list of stockholders entitled to vote at the Special Meeting and any adjournments or postponements thereof will be available for inspection at the Special Meeting and any adjournment or postponements thereof, and for a period of ten days prior to the meeting, during regular business hours at the offices of the Company listed in the attached Notice of Special Meeting.

The presence in person or by proxy of the holders of a majority of the votes entitled to be cast at the Special Meeting is necessary to constitute a quorum in connection with the transaction of business at the Special Meeting. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (I.E., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote). Abstentions and broker non-votes are

counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

To be approved, the Reverse Split proposal requires the affirmative vote (in person or by proxy) of the holders of a majority of the outstanding shares of Common Stock entitled to vote thereon. Both abstentions and broker non-votes will be counted towards the tabulation of votes cast on this proposal presented to the stockholders and will have the same effect as negative votes.

PROXIES

If the enclosed Proxy Card is properly signed and returned, the shares represented thereby will be voted at the Special Meeting in accordance with the instructions specified thereon. If the Proxy Card is properly signed and returned but does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the approval of the Reverse Split proposal, and as the proxy holders deem advisable for all other matters as may properly come before the Special Meeting. You may revoke or change your proxy at any time before the Special Meeting by filing with the Secretary of the Company, at the Company's principal executive offices at 330 West 34th Street, 10th Floor, New York, New York 10001, a notice of revocation or another signed Proxy Card with a later date. You may also revoke your proxy by attending the Special Meeting and voting in person.

SOLICITATION

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy Card and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

In order to be considered for inclusion in the Company's Proxy Statement and Proxy Card relating to the Company's 2002 Annual Meeting of Stockholders, pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, any proposal by a stockholder must be received by the Company at its principal executive offices in New York, New York, on or before January 1, 2002. In addition, under the Company's Second Amended and Restated By-laws, as amended, any proposal for consideration at the 2002 Annual Meeting of Stockholders submitted by a stockholder not pursuant to Rule 14a-8 will be considered untimely unless it is received by the Secretary of the Company at its principal executive offices between the close of business on January 23, 2002 and the close of business on February 22, 2002, and is otherwise in compliance with the requirements set forth in the Company's Second Amended and Restated By-laws, as amended. The proxy solicited by the Board of Directors for the 2002 Annual Meeting of Stockholders will confer discretionary authority to vote as the proxy holders deem advisable on such stockholder proposals which are considered untimely.

2

MATTER TO BE CONSIDERED AT THE SPECIAL MEETING AMENDMENT TO THE COMPANY'S FOURTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION IN ORDER TO EFFECT A REVERSE SPLIT OF THE COMPANY'S OUTSTANDING COMMON STOCK

GENERAL

The Company's Board of Directors has approved and adopted resolutions proposing, declaring advisable and in the Company's best interests, and recommending to the stockholders of the Company for approval an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation (the "Charter") to effect a one-for-fifteen reverse stock split of the Company's issued and outstanding Common Stock. The text of the proposed amendment to the Charter to effect the Reverse Split is attached hereto as Appendix A (the "Amendment"). There will be no change in the number of the Company's authorized shares of Common Stock and no change in the par value of the Common Stock.

If the Reverse Split is approved, the Board of Directors will have the authority, without further stockholder approval, to effect the Reverse Split,

pursuant to which each of the Company's presently outstanding shares (the "Old Shares") of Common Stock would be exchanged for new shares (the "New Shares") of Common Stock in an exchange ratio of one New Share for every fifteen Old Shares. The Board of Directors would also have the authority to determine the exact timing of the Reverse Split, which may occur at any time on or prior to October 31, 2001, without further stockholder approval. The timing of the Reverse Split will be determined in the judgment of the Board of Directors, with the intention of maximizing the Company's ability to remain in compliance with the continued listing maintenance requirements of the Nasdaq National Market and other intended benefits of the Reverse Split to stockholders and the Company. See the information below under the caption "Purposes of the Reverse Split."

The Board of Directors also reserves the right, notwithstanding stockholder approval and without further action by stockholders, to not proceed with the Reverse Split, if, at any time prior to filing the Amendment with the Secretary of State of the State of Delaware (the "Effective Time"), the Board of Directors, in its sole discretion, determines that the Reverse Split is no longer in the best interests of the Company and its stockholders. The Board of Directors may consider a variety of factors in determining whether or not to implement the Reverse Split, including, but not limited to, overall trends in the stock market, recent changes and anticipated trends in the per share market price of the Common Stock, business and transactional developments and the Company's actual and projected business and financial performance.

The Reverse Split will be effected simultaneously for all holders of the Common Stock and the exchange ratio will be the same for all of the Common Stock. Except for changes due to the Company's purchase of fractional shares, the Reverse Split will affect all of the Company's stockholders uniformly and will not change the proportionate equity interests of the Company's stockholders, nor will the respective voting or other rights of stockholders be altered. The Common Stock issued pursuant to the Reverse Split will remain fully paid and non-assessable. The Company will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended.

PURPOSES OF THE REVERSE SPLIT

The principal purpose of the Reverse Split proposal is to increase the market price of the Common Stock above the minimum bid requirement of \$1.00 per share required by The Nasdaq Stock Market, Inc. ("Nasdaq"). The Common Stock is a quoted security on the Nasdaq National Market ("NNM"). In order for the Common Stock to continue to be quoted thereon, the Company and the Common Stock are required to continue to comply with various listing maintenance standards

3

established by Nasdaq. Among other things, the Company is required to maintain a minimum bid price of at least \$1.00 per share.

Under Nasdaq's listing maintenance standards, if the closing bid price of the Common Stock is under \$1.00 per share for 30 consecutive business days and does not thereafter regain compliance for a minimum of ten consecutive business days during the ninety calendar days following notification by Nasdaq, Nasdaq may delist the Common Stock from trading on the NNM.

On July 31, 2001, the Company received a letter from Nasdaq, containing a Nasdaq Staff Determination that the Company failed to comply with Nasdaq's minimum bid price requirement for continued listing set forth in Nasdaq Marketplace Rule 4450(a)(5), and that the Common Stock is, therefore, subject to delisting from the NNM. On August 6, 2001, Nasdaq granted the Company's request for a hearing before a Nasdaq Listing Qualifications Panel to appeal the Staff Determination concerning the minimum bid price requirement. According to Nasdaq procedures, the hearing date has been set for September 13, 2001, and the Common Stock will continue to trade on the NNM pending the Panel's decision.

If a delisting were to occur, the Common Stock would likely trade on the Nasdaq SmallCap Market, or in the over-the-counter market in the so-called "pink sheets" maintained by Pink Sheets LLC or on the National Association of Securities Dealers' OTC Bulletin Board, which was established for securities that do not meet the Nasdaq listing requirements. Such alternative trading markets are generally considered less efficient than the NNM. Consequently, selling the Common Stock would be more difficult because smaller quantities of shares would likely be bought and sold, transactions could be delayed, and securities analysts' and news media coverage of the Company may be reduced. These factors could result in lower prices and larger spreads in the bid and ask prices for shares of the Common Stock.

Such delisting from the NNM or further declines in the market price of the Common Stock could also greatly impair the Company's ability to raise additional necessary capital through equity or debt financing, and significantly increase the ownership dilution to stockholders caused if the Company was to issue equity in financing or other transactions. The price at which the Company issues shares

in such transactions is generally based on the market price of the Common Stock and a decline in the market price of the Common Stock could result in the need for the Company to issue a greater number of shares to raise a given amount of funding or acquire a given dollar value of goods or services.

In addition, if the Common Stock is not listed on the NNM, the Company may become subject to Rule 15c-9 under the Securities and Exchange Act of 1934, as amended. That rule imposes additional sales practice requirements on broker-dealers that sell low-priced securities to persons other than established customers and institutional accredited investors. For transactions covered by this rule, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. Consequently, the rule may affect the ability of broker-dealers to sell the Common Stock and affect the ability of holders to sell their shares of Common Stock in the secondary market. Moreover, investors may be less interested in purchasing low-priced securities because the brokerage commissions, as a percentage of the total transaction value, tend to be higher for such securities, and some investment funds will not invest in low-priced securities (other than those which focus on small-capitalization companies or low-priced securities).

The Board of Directors believes that the Reverse Split is likely to result in the bid price of the Common Stock increasing over the \$1.00 per share minimum bid price required by Nasdaq, thereby permitting the Company to be in compliance with the NNM minimum bid requirement of \$1.00 per share. However, there can be no assurance that after effectuating the Reverse Split, the Company will meet the minimum bid price or other requirements of Nasdaq for continued inclusion of the Common Stock for quotation on the NNM.

CERTAIN EFFECTS AND RISKS OF THE REVERSE SPLIT

The following table illustrates the principal effects of the Reverse Split on the Common Stock:

NUMBER OF SHARES PRIOR TO THE REVERSE SPLIT SUBSEQUENT TO THE REVERSE SPLIT - ----- -----	

Authorized.....	
100,000,000	100,000,000
Outstanding	
(1).....	33,983,381
2,265,558 Available for Future Issuance	
(2).....	
66,016,619	97,734,442

- (1) Assumes the Effective Time occurred on the date of this proxy statement, and subject to adjustment resulting from cash payments by the Company in lieu of fractional shares.
- (2) Excludes shares of Common Stock issuable (i) upon the exercise of outstanding options under the Company's 2000 Stock Incentive Plan and (ii) upon the exercise of outstanding warrants to purchase Common Stock. After the Effective Time, each option or warrant will entitle the holder to acquire a number of shares of Common Stock equal to the number of shares of Common Stock which the holder was entitled to acquire immediately prior to the Effective Time divided by fifteen at an exercise price equal to the price in effect immediately prior to the Effective Time multiplied by fifteen. The number of shares reserved for issuance under the Company's 2000 Stock Incentive Plan and Employee Stock Purchase Plan will automatically be reduced by a factor of fifteen after the Effective Time, to approximately 734,666 shares and 30,000 shares, respectively.

Stockholders should recognize that if the Reverse Split is effectuated, they will own a fewer number of shares than they presently own (a number equal to the number of shares owned immediately prior to the Effective Time divided by fifteen, subject to adjustment for fractional shares, as described below).

While the Company expects that the reduction in the outstanding shares of Common Stock as a result of the Reverse Split will result in an increase in the market price of the Common Stock, there can be no assurance that the Reverse Split will increase the market price of the Common Stock by a multiple of fifteen or result in any permanent increase in the market price (which is

dependent upon many factors, including, but not limited to, the Company's business and financial performance and prospects). Should the market price of the Common Stock decline after the Reverse Split, the percentage decline may be greater than would otherwise occur had the Reverse Split not been effectuated.

There can be no assurance that after effectuating the Reverse Split, the Company will meet the minimum bid price or other requirements of Nasdaq for continued inclusion of the Common Stock for quotation on the NNM. Furthermore, there can be no assurance that any appeal of a decision to delist the Common Stock would be successful or that the Reverse Split would prevent the Common Stock from being forced to trade on the OTC Bulletin Board or in the "pink sheets." Therefore, there can be no assurance that after the Reverse Split, trading in the Common Stock will be efficient or that the Company will not be subject to Rule 15g-9.

The possibility exists that liquidity in the market price of the Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the Reverse Split. In addition, the Reverse Split will increase the number of stockholders of the Company who own odd-lots (less than 100 shares). Stockholders who hold odd-lots generally experience an increase in the cost of selling their shares, as well as greater difficulty in effecting such sales.

After the Effective Time, the number of authorized but unissued shares of Common Stock would increase from 66,016,619 to 97,734,442 (subject to the assumptions and exclusions described in the table above). These shares may be issued by the Board of Directors in its discretion. If the Company issues additional shares subsequent to the Reverse Split, the dilution to the ownership interest of the

5

Company's existing stockholders may be greater than would otherwise occur had the Reverse Split not been effectuated.

As described below, stockholders who would otherwise hold fractional shares after the Reverse Split will be entitled to cash payments in lieu of such fractional shares. Such cash payments will reduce the number of holders of New Shares as compared to the number of holders of Old Shares to the extent that there are stockholders presently holding fewer than fifteen shares, and each such person will cease to be a Company stockholder after the Reverse Split. These, however, are not the purposes for which the Company seeks to effect the Reverse Split, and the Company does not expect the Reverse Split will result in any material reduction in the number of stockholders.

Although the increased proportion of authorized but unissued shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of the Company's Board of Directors or contemplating a tender offer or other transaction for the combination of LivePerson with another company), the Reverse Split is not being proposed in response to any effort of which the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a plan by management to recommend a series of similar amendments to the Company's Board of Directors and stockholders. Other than the Reverse Split, the Board of Directors does not currently contemplate recommending the adoption of any other amendments to the Company's Fourth Amended and Restated Certificate of Incorporation that could be construed to affect the ability of third parties to take over or change the control of the Company.

The Reverse Split will not affect the par value of the Common Stock. As a result, after the Effective Time, the stated capital on the Company's balance sheet attributable to the Common Stock will be reduced to one-fifteenth of its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of the Common Stock will be increased after the Effective Time because there will be fewer shares of Common Stock outstanding.

PROCEDURE FOR EFFECTING REVERSE SPLIT AND EXCHANGE OF STOCK CERTIFICATES

If the Amendment is approved by the Company's stockholders, and if the Board of Directors still believes that the Reverse Split is in the best interests of the Company and its stockholders, the Company will file the Amendment with the Secretary of State of the State of Delaware at such time as the Board has determined the appropriate effective time for the Reverse Split. The Board may delay effecting the Reverse Split until October 31, 2001 without resoliciting such stockholder approval. The Reverse Split will become effective at the Effective Time on the date of filing the Amendment. After the Effective Time, each certificate representing Old Shares will be deemed for all corporate purposes to evidence ownership of New Shares.

Promptly after the Effective Time, stockholders will be notified that the Reverse Split has been effected. The Company's transfer agent, American Stock Transfer & Trust Company will act as exchange agent (the "Exchange Agent") for purposes of implementing the exchange of stock certificates. Holders of Old Shares will be asked to surrender to the Exchange Agent certificates representing Old Shares in exchange for certificates representing New Shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by the Company. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the Exchange Agent. STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.

6

FRACTIONAL SHARES

No scrip or fractional shares, or certificates for fractional shares, will be issued in connection with the Reverse Split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of Old Shares not evenly divisible by fifteen, will be entitled, upon surrender to the Exchange Agent of certificates representing such shares, to a cash payment (without interest) in lieu thereof. The cash payment will be equal to the fraction to which the stockholder would otherwise be entitled, multiplied by the average closing sale prices of Old Shares (as adjusted to reflect the Reverse Split) for the 20 trading days immediately before the Effective Time, as reported in The Wall Street Journal. If such price or prices are not available, the fractional share payment will be based on the average of the last bid and ask prices of Old Shares for such days, in each case as officially reported on the NNM, or such other price as determined by the Board of Directors. The ownership of a fractional interest will not give the holder thereof any voting, dividend, or other rights except to receive payment therefor as described herein.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, where the Company is domiciled and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the Effective Time may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by the Company or the Exchange Agent concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds will have to seek to obtain them directly from the state to which they were paid.

NO DISSENTER'S RIGHTS

Under the General Corporation Law of the State of Delaware, stockholders are not entitled to dissenter's rights with respect to the proposed Amendment, and the Company will not independently provide stockholders with any such right.

FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE SPLIT

The following is a summary of certain material federal income tax consequences of the Reverse Split, and does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse Split. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the Old Shares were, and the New Shares will be, held as a "capital asset," as defined in the Internal Revenue Code of 1986, as amended (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. EACH STOCKHOLDER SHOULD CONSULT WITH SUCH STOCKHOLDER'S OWN TAX ADVISOR WITH RESPECT TO THE CONSEQUENCES OF THE REVERSE SPLIT.

No gain or loss should be recognized by a stockholder of the Company upon such stockholder's exchange of Old Shares for New Shares pursuant to the Reverse Split (except to the extent of any cash received in lieu of a fraction of a New Share). Cash payments in lieu of a fractional New Share should be treated as if the fractional share were issued to the stockholder and then redeemed by the Company for cash. A Company stockholder receiving such payment should recognize capital gain or loss equal to the difference, if any, between the amount of cash received and the stockholder's basis in the fractional share.

7

The aggregate tax basis of the New Shares received in the Reverse Split (including any fraction of a New Share deemed to have been received) will be the same as the stockholder's aggregate tax basis in the Old Shares exchanged therefor. The stockholder's holding period for the New Shares will include the period during which the stockholder held the Old Shares surrendered in the Reverse Split.

REQUIRED VOTE

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote will be required to approve this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THIS PROPOSAL.

OWNERSHIP OF SECURITIES

The following table sets forth information with respect to the beneficial ownership of our outstanding Common Stock as of August 7, 2001, by:

- each person or group of affiliated persons whom we know to beneficially own five percent or more of our Common Stock;
- each of our directors;
- each of our executive officers; and
- each of our directors and executive officers as a group.

The following table gives effect to the shares of Common Stock issuable within 60 days of August 7, 2001 upon the exercise of all options and other rights beneficially owned by the indicated stockholders on that date. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and includes voting and investment power with respect to shares. Percentage of beneficial ownership is based on 33,983,381 shares of Common Stock outstanding at August 7, 2001. Unless otherwise indicated, the persons named in the table directly own the shares and have sole voting and sole investment control with respect to all shares beneficially owned.
